SKILLS

Languages: Java, Python, C,
Tools/Platforms: Tableau, ETL, MS SQL Server
Soft Skills: Problem-Solving, Team Player, Adaptability

PROJECTS

Indian Railway Delays Analysis | *Python, Pandas, NumPy, Matplotlib, Seaborn* May' 26

- Performed Exploratory Data Analysis on Indian Railway delay data by cleaning and preprocessing the dataset to ensure accurate analysis.
- Analyzed delay patterns across trains, stations, and routes to identify key trends and factors contributing to railway delays.
- Created data visualizations to present insights on train delay patterns and support a better understanding of railway operational performance.

Complaint Management Portal | *React, Tailwind CSS, Node.js, Express.js, MongoDB* Apr' 26

- Developed a full-stack web application enabling users to securely register, log in, submit complaints, and track their complaint status in real time.
- Built an administrator dashboard to manage complaints, update their status, assign issues to relevant departments, and monitor complaint progress.
- Integrated MongoDB for centralized and secure storage of user and complaint data, while using React and Tailwind CSS for a responsive user interface.

Background Changer Web Application | *HTML, CSS, JavaScript* Jun' 25

- Developed an interactive web application that dynamically changes the webpage background.
- Implemented JavaScript event handling and DOM manipulation for user interaction.
- Designed a simple and responsive user interface using HTML and CSS.

TRAINING

Lovely Professional University Jun' 26 - Jul' 26

Logic Building with AI-Driven Full Stack Development

- Completed a skill development course focused on logic building and AI-driven Full Stack Development, gaining practical exposure to building and understanding end-to-end web applications.
- Developed problem-solving and programming skills by applying logical thinking, coding concepts, and application development techniques to full-stack development tasks.
- Strengthened understanding of AI-driven approaches in web application development, along with practical skills required to design and develop functional software applications.

CERTIFICATES

Agentic AI Certified Foundations Associate | *Oracle University* Aug' 26

Software Engineer | *Hacker Rank* Aug' 26

Database Management System | *Infosys Springboard* Aug' 26

GenAI Powered Data Analytics Job Simulation | *Forage* Aug' 26

Logic Building with AI-Driven Full Stack Development | *Lovely Professional University* Jul' 26

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology Aug' 24 – Present

Computer Science and Engineering; CGPA: 7.2

Sri Kumaran Matriculation School Tiruppur, Tamil Nadu
Intermediate Jul' 23 – Mar' 24

Percentage: 79%

Vedanta Academy Tiruppur, Tamil Nadu
Higher Secondary Education Jul' 20– Mar' 21

Percentage: 80%
